

SIDRA WASEEM

FRONT-END DEVELOPER

Profile

I am a persistent, creative and competitive individual who gives whatever it takes to reach the desired goal. I am always enthusiastic about my work and I am committed to self-development so I can achieve better results.

Furthermore, I am flexible and can easily switch between tasks.

Experience

FRONT-END DEVELOPER

Interns Pakistan | 09/2021 - 10/2021

- This one-month learning-based internship included several challenges on necessary front-end technologies; HTML, CSS, JS, Bootstrap, jQuery, and PHP.
- Along with the challenges that were only to give the idea of respective technologies, it also included a few responsive web projects; responsive email design, responsive Screening App.
- Some WordPress basics were too included in this period. Also, the last project was to make a WordPress website.
